

Remarks

Favorable reconsideration of this application is requested in view of the following remarks. For the reasons set forth below, Applicant respectfully submits that the claimed invention is allowable over the cited references.

Applicant has added new, dependent claim 84 that specifies an example in which the computer sites are electronic databases. *See* page 19, line 20 – page 20, line 9. Method claim 13 has also been amended so as to further delineate claim 13 from the scope of method claim 1, now with claim 1 being directed to accessories and with claim 13 being directed to articles.

Subsequent to this Request for Continued Examination, an Information Disclosure Statement will be filed with several references from related pending patent applications.

Should there be any remaining issues that could be readily addressed over the telephone, the Examiner is encouraged to contact the undersigned at (651) 686-6633.

Respectfully submitted,
